DEVOUT INC.

CAPABILITY STATEMENT

Cloud | DevOps | Infrastructure

COMPANY SUMMARY

Established in 2006, our Technology Services Company boasts a team of seasoned consultants with over 15 years of experience, including alumni from prestigious organizations such as Deloitte, CGI Federal and Microsoft. Throughout the years, we have been dedicated to supporting both Commercial and Federal organizations in shaping and implementing robust technology and management strategies. What sets us apart is our distinctive approach to healthcare technology service delivery, making us a trusted IT partner for our clients. Our track record includes successful implementation of EHR systems such as Cerner, EPIC at DoD and VA. Technology leaders can trust in our proven capabilities, particularly in delivering excellence in Cloud, Security, and Professional Services.
